Academic Term

- Autumn, winter and spring quarter assignments begin on your contract start date for that term and are in effect for different lengths of time depending on where you are assigned.
 - If you are assigned to Undergraduate Housing, your contract terminates at the end of spring quarter.
 - If you are assigned to Single Graduate or Couple without Children Housing, your contract length is determined by your assignment. Pay careful attention to the residence choices you list on your application. Most assignments offer contracts through the end of summer quarter, but some assignments offer contracts through spring quarter or just one quarter.
 - If you are assigned to Student with Children Housing, your contract terminates in summer quarter.
- Summer quarter assignments cover only summer quarter.
 - You must submit two applications (one for summer and one for autumn) if you need housing beginning in summer and continuing into autumn quarter.
 - If you are assigned to Single Graduate, Couple, or Student with Children Housing for both summer and autumn, your summer contract will automatically be extended to September 1 to match the start of your autumn contract.
 - If you are currently in housing and your current contract goes through summer already, you do not need to submit a summer application.

Select an application term:

- ☐ Spring Quarter 2021-22
☒ Summer Quarter 2022
☐ Autumn Quarter 2022-23
☐ Winter Quarter 2022-23
☐ Spring Quarter 2022-23

Rooming with Approved Animals: Stanford Student Housing has a no-pets policy. However, there may be some residents who, for disability-related reasons, are permitted to live with animals. From time to time we have opportunities for students to live in shared apartments with these residents. If you would like to volunteer to live with a roommate who is permitted to have an animal, please indicate your preference below.

- **Gender Identity:** In order to make the housing assignment as inclusive as possible, you’re being asked to select one of three gender options.

Section 3: Residence Choices

Groups

Are you creating a new group or joining an existing group?

- ☐ I am creating a new group
☐ I am joining an existing group
☒ I am not applying with a group

Residence Choices

- Apply for the residence options you prefer, in the order you want them. Residence descriptions and pictures are available on the [Student Housing website](#).
- Select residence choices by clicking the “Add” button on the right. You can sort the columns or use the filters to narrow down your options.
- Once residences are in the “My Choices” section below, you may reorder them by typing the new rank or dragging them to their new position.
- The list of residences in the My Choices section is what will be processed by the assignment program, in that order.
- Please review the **Summer Rates Chart** to view the rates for each residence option, which includes basic utilities - water, heat, electricity, garbage and sewer. Additional fees apply for dining plans, the period between spring and summer (for spring residents), house dues/program fees, and the technology fee.
- Special note regarding final choice: Due to the higher rates, Munger apartments and the GSB Residences will not be automatically assigned through the final choice of I am willing to accept any other assignment. You must specifically list these options if you are interested in assignment there. Guaranteed students, who must select this final choice, are not required to additionally list these choices in order to maintain their guarantee.
- If you have also applied for autumn quarter Single Graduate Housing, your summer assignment will automatically be matched to your autumn assignment if it is available.
- If you are applying as a group and wish to stay together with your group, make sure your choices are in the exact order of other group members and you have selected group retention. If you joined a group, you may copy the residence choices of the person who created the group to get you started. You may re-order or change choices in your own list afterward. Keep in mind that your choices will not stay in sync with the group leader’s. If the leader’s choices subsequently change, you should re-copy the group leader’s choices. Stay in contact with your group to ensure your choices are the same (if desired).

Housing Agreement

Please review your application carefully.

You may edit this application until **May 05, 2022**. Editing your choices will not impact your position or priority.

Applications may be withdrawn without penalty until **May 10, 2022**. Keep in mind that if you withdraw this application and decide to reapply at a later date, you will receive a new application number (if applying for graduate housing) and assignment priority level based on the date you reapply.

The results of your application will be emailed to you and posted in the View Application Results section starting on **May 21, 2022**.

By checking the box below and submitting this application, you agree to the conditions of the Residence Agreement, which includes the Residence Agreement Terms and Conditions, the Residence Agreement Policies and Procedures, and the Residence Agreement Contract Dates available on the R&DE Student Housing website at <https://rde.stanford.edu/studenthousing/residence-agreement-overview>. This agreement is valid once you have been assigned to university housing and continues for the entire length of the agreement period. This agreement is not for a particular room or residence or type of housing. By checking the box and submitting this application, you also agree to pay the required room and board rates, early arrival and late stay rates, technology fees, house dues or program fees, and any other miscellaneous fees for the student residence(s) to which you are assigned.

Misrepresentation of any facts on this application is deemed a violation of the Residence Agreement and may result in the immediate termination of your occupancy and/or the withdrawal of future university housing privileges, and may result in university disciplinary action under Stanford's Fundamental Standard or other applicable university policies.

If you cancel an assignment resulting from this application before moving in or fail to move in:

- you will be charged a fee of \$100-\$450, plus any applicable rent depending on when the assignment is cancelled;
- your housing assignment will be cancelled; and
- you will forfeit your application number (if applying for graduate housing) and guarantee (if applicable).

Once you have checked in to your assigned residence, you may only be released from contract per the Residence Agreement's Termination of Agreement terms. Generally, you may only be released from your obligation to pay housing charges for the duration of your contract if you take a leave of absence, cease enrollment, or graduate.

☐ By checking this box, I am agreeing to be bound by these conditions of assignment.

- **Housing Agreement:** Please take special note of the housing cancellation fees. Once you have read and understand the residence agreement, select the “check box” at the bottom of the page, indicating that you agree to the conditions of your assignment. Click “Submit.”
